**DECISION ON PETITION**

This is a decision on the petition filed February 17, 2006 to reset the period for response. The petition is being treated as a petition to withdraw holding of abandonment pursuant to 37 CFR § 1.181.

The application became abandoned for failure to timely file a response to the final Office action mailed July 27, 2005. A Notice of Abandonment has not been mailed.

Petitioner asserts that he did not receive the final Office action mailed July 27, 2005. It was discovered that the Office action was mailed to an incorrect address. A review of the record indicates that, in fact, the final Office action was mailed to an incorrect address.

Accordingly, the application is not abandoned in fact, and the holding of abandonment is withdrawn.

The petition is **GRANTED**.

In view of the time lapse between the original mailing of the Office action of July 27, 2005, and the date of this decision, the application file will be forwarded to the examiner of record for updating the search and the Office action as appropriate.

From there, the file will be forwarded to the Technology Center's technical support staff for mailing of the updated Office action and setting a new shortened statutory period of three (3) months for the applicant to respond. The address of record has been corrected to that shown above.
